

## Request for Quotes

### JAUNT Epoxy Floor Application

**Due Date:** 18 March 2019 at 1:00pm Eastern

**Contact:** Christopher Rowland ([ChrisR@ridejaunt.org](mailto:ChrisR@ridejaunt.org)) 434-296-3184 x131

Quotes must be uploaded to eVA, e-mailed, or provided in a drop box/file share program by the due date.

**Overview:**

JAUNT is soliciting quotes from qualified companies to apply an epoxy coating to concrete flooring of a bus maintenance facility approximately 4,000 square feet. Vendors are encouraged to visit the work location (104 Keystone Place Charlottesville, VA 22902) to familiarize themselves with the work and exact specifications prior to submitting their quotes.

The primary funding sources for this are the Virginia Department of Rail and Public Transportation (DRPT) and the Federal Transit Administration (FTA). As a sub-recipient of state and federal funds, JAUNT is subject to all procurement and grants management requirements as mandated by the funding sources. Vendors should reference [JAUNT's procurement policy](#) and the [FTA Master Agreement](#).

**Selection:**

JAUNT will select the winning vendor based on price, product quality, meeting JAUNT's expectations, and lead-time necessary for work completion.

**Scope of Work:**

Vendor is responsible for providing all labor, materials, and equipment to perform the work.

JAUNT requires a coating that will allow for easy clean-up of spilled oil, grease, and other liquids to keep the area clean. Additionally, JAUNT requires safety walkways, bus areas, and other areas to be designated with colored lines and pathways.

Vendor is responsible for all floor prep to ensure a professional and durable finish. This includes any necessary washing, degreasing, etching, and other repairs (such as grinding, leveling, or crack repair). Vendors are expected to make an on-site visit prior to providing a quote to assess the required level of work.

Quotes must have separate line items for prep work, epoxy application, and striping of walkways and other areas.

**Notes:**

Vendors are encouraged to provide more than one cost proposal. For example, if there are different tiered options for colors and/or product quality, vendors are encouraged to include multiple tiered options in their quotes.

Vendors must provide a timeline/work schedule with their quote. JAUNT requires this project be completed no later than 5 April 2019.
